

March is Colorectal Cancer Awareness Month

**Second leading cause of death from cancer...
... and 6 out of 10 deaths could be prevented with
Regular Screening**

You are at **risk** for **Colorectal Cancer** if you:

- 1. Are over the age of 50**
- 2. Are a Smoker**
- 3. Have family history of colorectal cancer**
- 4. Have polyps from inflammatory bowel disease**

Ask your doctor about screenings today
